M/HQ ranked top for private wealth management in Chambers Global 2024 Guide Yann Mrazek ranked in Band 1 for 7th year

28 August 2024, Dubai, UAE: [M/HQ](#), the UAE's leading private wealth optimization platform, has been recognized for its private wealth management capability in the UAE by leading independent legal directory Chambers Global. Beyond M/HQ's ranking in [Chambers' High Net Worth Guide 2024 for Private Wealth Law](#), the firm's Founder and Managing Partner Yann Mrazek is once again ranked as a leading individual [Band 1], for the seventh consecutive year.

Headquartered in the UAE since 2009, M/HQ works closely with successful individuals and international families (Muslim and non-Muslim) implementing intergenerational wealth transfer strategies. The firm helps them structure their operational and high value assets and global wealth through Single- and Multi- Family offices, Family- and Group- Holdings, Foundations and other asset consolidation/protection and legacy structures – emphasizing local solutions.

Renown as the market leaders in foundations, an increasingly popular tool that has reshaped the UAE's family wealth management landscape, clients comment that *'The success of foundations in the UAE is extensively due to Yann's visionary leadership and efforts towards the regulators and decision-makers within UAE authorities.'* M/HQ recently pioneered the successful design and registration of the first ever Dubai International Financial Centre (DIFC) Purpose Foundation – the primary function of which is to act as a Trustee of the DIFC Trust, a landmark precedent anticipated to be replicated.

Clients also praise Yann for being *'acutely aware of international market trends and the way UAE platforms provide useful solutions for clients.'*

Yann Mrazek, Founder and Managing Partner of M/HQ said: "We are delighted that M/HQ has been recognized by Chambers Global as a leader in private wealth in the UAE. This comes at a time when we are witnessing record levels of high-net-worth individuals migrating to the UAE even as the Gulf region prepares for an estimated transfer of USD 1 trillion from gen-2 business families to millennials within the next decade. The UAE is certainly becoming THE global financial centre to watch.

"We understand how critical it is for both regional families and new market entrants to be supported by trusted advisors to help them transition their families and protect their legacies, and M/HQ remains committed to anticipating and meeting their continuously evolving needs."
